

# Ignacio Martinez

Paris, TX - Email me on Indeed: [indeed.com/r/Ignacio-Martinez/af492703c53bec6a](https://www.indeed.com/r/Ignacio-Martinez/af492703c53bec6a)

I'm a very pro active developer, with tons of experience in backend development, and also (in the past 5 years) in front end development such as AngularJS and jQuery.

Willing to relocate: Anywhere

Sponsorship required to work in the US

## WORK EXPERIENCE

### Full Stack Developer

Bonjour Interactive Lab - Paris, France - iunie 2016 până la Present

I'm in charge of all things HTML5, PHP, Linux Admin, Cloud Admin, Chrome App Dev, Arduino Serial Dev and Wordpress Plugin Dev.

Bonjour is a company that produces interactive experiences in many cases with generative art so there's plenty of Processing and Audio/Video work too.

### Full Stack Developer

Sweatworks - New York, NY - septembrie 2015 până la mai 2016

I worked remotely as a PHP and AngularJS developer, primarily developing RESTful API's and Wordpress plugins for our various sites and clients. Mostly related to fitness and health sectors.

Some sites I currently work on:

<http://www.rxcompetitions.com>

<https://events.sweatworks.net>

<http://www.battlefrogseries.com>

### Wordpress Developer

Ministry of Agriculture - Buenos Aires, Buenos Aires - februarie 2014 până la decembrie 2015

PHP / WP Codex developer for the various sites the Ministry hosted in its servers. Mostly related to agro industry.

Also I often served as a server administrator.

### Sugar CRM Developer (PHP)

CRM a Demanda - Buenos Aires, Buenos Aires - martie 2012 până la decembrie 2013

Sugar CRM senior developer. I developed custom modules for various clients.

### .NET Architect

Tenaris - Buenos Aires, Buenos Aires - ianuarie 2011 până la decembrie 2011

Served as an architect for different .NET projects in the application of new technologies and integrations.

### Internal IT Auditor

Buenos Aires Docks Administration - Buenos Aires, Buenos Aires - octombrie 2010 până la decembrie 2010

I was assigned to audit various processes regarding the integration of a ERP system developed by the University of Buenos Aires.

### Full stack developer

Xperience Days Inc. - Hoboken, NJ - ianuarie 2009 până la iulie 2010

PHP / ASP / jQuery developer (remote).
