## WORK EXPERIENCE

### Developer

Networkers - Plano, TX - septembrie 2015 până la Prezent

Bellevue WA

Working for Ericsson as TIBCO Developer, on the integration of Ericsson Full stack solution with T-mobile.

- Development of Tibco Web Services (SOAP), to join T-Mobile middleware layer, with Ericsson systems (around 9 different systems)
- Played the role of web service integration layer specialist in charge of RCA for issues related to customer, orders, payments and purchase flows in QAT /DI environments
- Collaborated with functional designers to create technical specifications out of user stories
- Support for end to end testing interacting with all the involved teams (UI, Middleware, Backend)
- Worked with Solution Owners and Architects to redefine processes when there was design or technical gaps between layers

### Agust2015 TIBCO Admin/Dev at IntraMart

IntraMart - Phoenix, AZ - aprilie 2014 până la aprilie 2014

US

- Maintenance of GAL/GEH Listeners used for log/error management on BW interfaces
- Implementation of RTView EM to monitor and measure performance of BW processes in order to shift from a 7/24 schema to a on call support, reducing the amount of resources needed from 5 to 2.
- Support/Admin of 300+ TIBCO BW engines and 10+ servers, maintaining SLA's of 98% availability
- Support/Admin of disaster recovery for Tibco servers.
- Worked on a Proof of concept building interfaces from existing sources to Hadoop File system

### Developer

IntraMart - Phoenix, AZ - mai 2012 până la martie 2014

US

Working for Petsmart Inc. as TIBCO Developer/Admin, leading the TIBCO effort in multidiscipline teams.

- Development and design of Tibco Business Connect Interfaces transforming data from EDI to IDOC formats.
- Integration using SAP adapters(R3 Adapters), Web Services (SOAP/JSON) and JDBC (MS SQL and Oracle).
- Development of libraries to manage files between TIBCO BW and Informatica B2B.
- Integration of IBM Initiate Customer data store and JANRAIN using REST Services(JSON).
- Development of interfaces between Petsmart and GSI (Ebay) to enable capabilities of the new e-commerce platform,
- Worked as developer on the integration of Cybergrants(payment platform) to SAP using Tibco business works
- Design, development and execution of test cases to measure the throughput of interfaces connecting to remote locations Participated on the design of development guide lines as well on the redefinition of the team structure
- Experience on Defining, Executing and validating Test cases, for unit and component testing using HP Quality Center to report, track issues.

### Consultant at OptaSmart

Optasmart - Monterrey, MX - ianuarie 2010 până la februarie 2012

Monterrey Mexico

Working for HEB as a TIBCO Technical leader, mainly in process integration between an ERP and all the other applications.

- Development of 50+ BW processes using TIBCO Designer 5.6 to deliver and transform information from Oracle to MS SQL using ADB adapters and EMS as bus.
- Design and development of a monitoring process(50+) using TIBCO Hawk to integrate BW processes with Control M
- Management and tuning of BW processes
- TIBCO Upgrades to BW 5.6
- Redesign of processes to operate in real time instead of batch.
- Optimization in TIBCO BW processes to manage high loads of information.
- 2nd level Support during the implementation of the ERP(PMM of JDA)
- Support to other processes like Digital Invoice or Pharmacy online pricing (Web services using SOAP and security certificates)
