WORK EXPERIENCE

IT Technician

Jacksonville IT Innovations - Jacksonville, FL - ianuarie 2012 până la Prezent

I have worked for Jacksonville IT Innovations for 5 years in my off hours from other jobs. My dad started the business after his home improvement business went downhill from the 2008 housing market and I could help him when I had any free time. From August 2016 until now I have been working for him as a full-time employee, but business has become incredibly slow, causing me to seek a different primary source of income while continuing to work for him in my off hours. I handled any desktop support issues, went to and from clients to pick up computers, performed virus removals, handled some networking issues, installed security cameras, and ran cables.

Shift Manager/Delivery Driver

Hungry Howie's - Jacksonville, FL - martie 2014 până la august 2016

I worked at Hungry Howie's as a shift manager after only 2 weeks of being a delivery driver. I worked mainly delivery shifts, because it paid 50 percent more money. I dealt with cooking, counting down a drawer at closing, doing deposits, assisting in truck ordering, and general management. I averaged 60-70 hours a week when the store was short handed and 40-50 when the store was fully staffed.

Accomplishments

- I worked my way from \$8.25/hour to \$11/hour
- I hold the store record for 42 deliveries in 1 day and I've taken almost 6000 deliveries.
- I completely changed the stores organizational habits, improving efficiency, speed, and food cost.
- I became a manager after only 2 weeks of being with the company.

Assistant Manager

Zaxby's - Jacksonville, FL - martie 2012 până la august 2013

I worked at Zaxby's as a cook for almost a year before I was promoted to Assistant Manager. I enjoyed being in the kitchen and excelled amongst my co-workers to deserve my promotion. I dealt with counting down drawers and had responsibility over the safe. I managed up to 10 people at a time for almost 6th months. I'm fully trained on kitchen prep. For the time that I was a manager I did the store's truck ordering and overlooked the stocking of refrigerated, frozen, and dry storage areas. I averaged about 50 hours per week.

Accomplishments

- I worked my way from \$7.67/hour to \$10/hour.
- I hold the unofficial fastest drive-thru time in the kitchen for my store.
- I'm a ZFI certified Assistant Manager.
- Completed full cashier training in 1 week and I was running my own shifts as a manager after only 1 month of training.
- I was part of a 134 day no complaint streak.

Carpenter's Assistant

Blissful Renovations - Jacksonville, FL - august 2008 până la martie 2012

I worked for Blissful Renovations throughout high school for about 20 hours a week. I did a lot of drywall work, flooring, painting, as well as lifting over 50 lbs. and basic carpentry.

Accomplishments

- I worked my way from \$8/hour to \$12/hour.
- I learned how to repair drywall.
- I learned how to remove carpet and laminate flooring.
- I learned to paint professionally.
