WORK EXPERIENCE

Web Developer

Freelance - New York, NY - noiembrie 2015 până la Prezent

Build and maintain professional and personal projects incorporating new technologies learned through independent study. Projects include a study tool based in React on a Node.js server and small business websites built with Wordpress.

Front End Developer (Contract)

TD Ameritrade - Jersey City, NJ - aprilie 2016 până la august 2016

Implemented front-end user stories using Freemarker HTML templates, Dojo JS framework and Stylus CSS preprocessor to improve user experience in setting up new bank connections.

Created automated test scripts using Nightwatch.js on a Selenium server

Designed, executed and participated in team reviews of QA test cases covering a wide range of product features.

Web Developer

Immersive - New York, NY - noiembrie 2015 până la februarie 2016

Projects

- Virtual Audio Sampler
 - o Users can record audio samples to build and play an instrument. Users can create an account in order to save and load samples and make downloadable recordings of performances.
