### WORK EXPERIENCE

#### IT Support

University at Buffalo IT Help Center - Buffalo, NY - September 2016 to Present

Provide IT support for students, alumni, and faculty

- Troubleshoot hardware and software problems, manage accounts and passwords, and give general information to prospective students.

#### Intern

Brookhaven National Laboratory RHIC-ATLAS Computing Facility - Upton, NY - June 2015 to June 2015

Wrote a web application that modeled the layout of the facility's data center

- Created an interface that provides search functionality of all their servers, returning and displaying statistical and locational data about each one.
- Written using JavaScript, PHP, HTML, CSS, MySQL

#### South Korea - ESL Teacher

Chung Ang High School - Seoul, KR - September 2009 to March 2014

Created and used my own curriculum for three grade levels during the regular school year, as well as for winter and summer classes

- Organized a variety of after school activities, including tutoring sessions, public speaking contests, and an English newspaper.
